

# PRODOXABEN SC

## HERBICIDE

**Prodoxaben SC** is a selective combination pre-emergent herbicide for the control of grass and broadleaf weeds in established turfgrasses.

### Benefits include:

- Broad spectrum weed control for established turfgrasses, lawns and landscape ornamentals.
- Applied year round
- Stops weeds at germination - before they grow
- Controls over 150 weeds

### Weeds Controlled

**Partial list of weeds controlled:** Annual Bluegrass (Poa Annua), Barnyardgrass, Crabgrass, Dandelion, Woolly Cupgrass, Annual Foxtail, Goosegrass, Henbit, Itchgrass, Johnsongrass (from seed), Knotweed, Lovegrass, Pigweed, Common Purslane, Rescuegrass, Sprangletop, Witchgrass, Yellow Woodsorrel (from seed)

### Use sites

Established turfgrasses (excluding golf course putting greens), lawns and ornamentals, conifer and hardwood seedling nurseries, non-crop areas including rights-of-way for transportation systems and utilities (such as roadways, roadsides, railways, and equipment yards), facilities including substations, tank farms, pumping stations, parking and storage areas, non-grazed fence rows, and Christmas tree farms

### Active Ingredients

23.3% Prodiamine  
15.5% Isoxaben

### Packaging

2 x 1 Gallon

### HRAC Groups

3 & 21

Always read and follow product label directions.
